

IMPORTANT NOTICE

UPDATE REGARDING ON-GOING WORK AT CPWD WELLS 3 & 4

Please pardon our appearance as we proceed with the next phase of our bond project that was approved in 2021. The green screening on the perimeter fence that abuts your property was placed to minimize dirt and dust and to make the construction process more aesthetically pleasing. This temporary screening will be removed upon project completion.

Electrical improvements are well underway, and PFAS removal treatment is beginning.

The Board of Commissioners greatly appreciates your understanding. We will keep you updated as work progresses, but if you have questions, please call the District Office at (516) 333-0540.

Timothy J. Doyle,
Superintendent
